EXPERIENCE

Software Engineer
Feb 2025 – Present

Apex Tigre - Real Estate Solutions — *Mumbai, India*

- Architecting enterprise modules using Vue.js and Node.js for real estate operations, streamlining property management workflows

Frontend Engineer
Jun 2024 – Nov 2024

Schbang - Marketing Agency — *Mumbai, India*

- Engineered high-performance React components with CMS integration for campervan booking platform, ensuring responsive design across all devices and optimizing page load times

Frontend Developer
Nov 2022 – May 2024

WeAssemble - Software Development Company — *Mumbai, India*

- Developed interactive Google Maps integration with custom animated markers and slider controls for project showcase features
- Implemented booking system with Redux Toolkit managing hotel and package reservations with real-time availability updates

ReactJS Intern
Sep 2022 – Nov 2022

Host2Unlimited - Digital Marketing Company — *Mumbai, India*

- Coordinated with distributed development teams to deliver client websites, managing WordPress/Elementor deployments and ensuring brand consistency

TECHNICAL PROJECTS

xCamper Travel Platform | *Next.js, TypeScript, WebSocket, Google Maps API, Jotai* stage.xcamper.com

- Built end-to-end campervan booking platform with real-time WebSocket chat functionality connecting travelers and hosts
- Implemented advanced map visualization with custom markers and search filters using Google Maps API integration
- Designed responsive UI with TypeScript for type safety and Jotai for lightweight state management

Neckermann Travel Website | *Next.js, TypeScript, Redux Toolkit, Tailwind CSS* neckermanntravel.co.uk

- Led complete development lifecycle of travel booking platform featuring flight and hotel search with real-time pricing
- Architected scalable Redux state management system handling complex booking flows and user authentication
- Achieved excellent Core Web Vitals scores through code-splitting, lazy loading, and performance optimization techniques
